

COME AND JOIN US AT MODERN RAILWAYS RVE

**3RD OCTOBER 2019 –
IN DERBY, UNITED KINGDOM**

Are you a Buyer of train systems, consultancy or parts? Would you like an opportunity to meet UK suppliers in the Midlands, the heart of the UK rail industry. These are companies who have leading edge products and services to offer, that are actively looking to increase their exports and want to be part of your global supply chain.

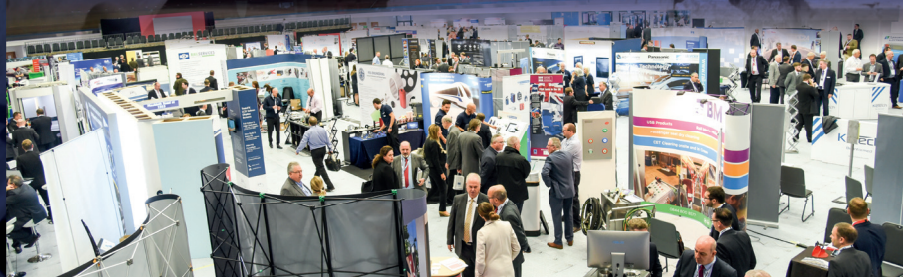

The UK's Department of International Trade would like to invite you to attend the RVE 2019 Expo in the UK and spend the day meeting qualified suppliers, selected by you, to discuss potential areas of mutual interest.

Rail Vehicles and Enhancements is the only single theme event aimed at the engineering of rail vehicles for refurbishment, maintenance and enhancements, together with the new build market in the UK. RVE 2019 will attract companies and visitors on the cutting edge of technology from around the world, showcasing real time passenger counting, passenger information systems, HVAC, traction and asset management and monitoring technologies. Other innovations will include LED lighting, entertainment and advertising systems, interior and product designers, energy saving solutions and driver advisory equipment & more.

As a participant you will host a number of 20-minute sessions with UK companies and can bring any number of your company representatives with you.

We hope to offer some financial assistance towards the cost of your visit. We will confirm this at a later date but in the meantime please register your initial interest at <https://eu.eventscld.com/ehome/200186193> and reply to your DIT contact who sent you this flyer. You must do this before March 1st 2019. Please note this is not a commitment to attend.

We will then allow one month for discussion and for you to make a final decision on attendance, having received further information a commitment to attend must be received by 1st April 2019. This provides us with time to invite relevant companies to meet with you. We require some information about the types of companies that you wish to meet and what products / services you are interested in sourcing. We will then send you details of those who have expressed an interest so that you can determine who you wish to meet.

MIDLANDS ENGINE

About RVE

Rail Vehicles and Enhancements is the only single theme event aimed at the engineering of rail vehicles for refurbishment, maintenance and enhancements. The show is now entering its seventh successive and successful year. Under the ownership of *Modern Railways* magazine, the expo and conference will be larger than ever and will be held at the **Derby Arena on Thursday 3rd October 2019 between 10.00am and 4.00pm.**

Visitor registrations for RVE 2018 were significantly up on previous years and with 22 per cent of registrations from rail executives at director level and above, it's clear to see that RVE is an event where real decisions are made.
